TEAM PENNING RULES

1. Twenty-one (21) to thirty (30) head of cattle must be used with three (3) numbered/coloured collars on ten (10) head or seven (7) head.
2. Cattle will be changed immediately following the tenth (10th) or seventh (7th) penning run unless the decision has been made with remaining teams and committee that the competition can be completed with those existing cattle.
3. The arena is set up in two (2) sections, and a pen one end. Pen set up as per ATPA dimensions and placement.
4. White line is drawn separating cattle and riders. This will be used as the cattle line.
5. After the team enters the arena, when the Judge is ready, he/she will give the team a designated colour/number once the nose of the first horse of the team crosses the cattle line. At this point time will commence.
6. Team will have a designated time (usually 1 minute 30) in which the event is to be completed with three (3) or less head penned. A warning whistle will be sounded when team has thirty (30) seconds remaining.
7. No more than five (5) head of cattle shall be allowed at any time over the pen side of the cattle line. If there are more than five (5) head of cattle, the team will be disqualified.
8. Once all 3 head of designated cattle have crossed to the pen side of the line, all three riders **MUST** cross to pen side of line as soon as practical and pen the cattle, no rider can then cross back over to the herd side of the line, this results in disqualification. If only 1 or 2 head are over the line & three riders they may re cross the line, in a manner deemed acceptable to the judge.
9. At no stage are horse and rider permitted to enter the pen to remove any incorrect cattle or when claiming time. The line of the gate will be determined by the judge on the day and be explained to the competitors before commencement of the competition. All horses must be under control when they reach the gate.
10. Once the team has the claimed cattle penned, there must be a team member blocking the gateway with hand raised to signal time (it need only be one). Time will be recorded when the Judge is satisfied the team has control over penned stock. **No time shall be recorded unless all incorrect cattle have returned to cattle side of the line.**
11. In the event that all claimed cattle have been penned and one (1) or more breaks free, time will still be recorded with remaining penned cattle. The position of break-away cattle will be disregarded.
12. No blocking of cattle in pen by any team member(s) is allowed whilst other cattle are still being sought. This action will result in disqualification.
13. A competitor can compete three (3) times but not in the same team. No 3 riders may ride together more than once per event.
14. A team must compete as a whole team – same three (3) riders, for at least three (3) of the series rounds to qualify for a buckle.
15. No tie-downs or rings or martingales of any type are permitted whilst in the arena.
16. Riders must use split reins for safety reasons.
17. If a run is stopped by the Judge, clocks must be stopped, and a time recorded. A decision will be made at the end of the competition if a re-run is to be awarded. A re-run will not be given if there are placings with faster times. **JUDGE'S DECISION IS FINAL.**
18. **Any rough handling of stock as deemed by the Judge will result in disqualification.**

- 19. No whips/riding crops allowed in the Team Penning Arena during the competition event.**
- 20.** The Buckle Series winners will be decided on an aggregate score calculated over the whole season. The winners of the buckles will be the combination which has the greatest number of cattle penned in the fastest time. If there are five rounds in the series, then the maximum number of cattle which a team could pen is 15.
- 21.** Buckles will be awarded to the winning combinations in Open Team Penning; Beginner Team Penning and Junior Team Penning. The Junior Beginner Team Penning is not a buckle series but the end of year winners and runners up will receive trophies and/or prizes.
- 22.** If there are no more than 4 teams in a team penning buckle event, then this will not be classed as a buckle series.
- 23.** At each round of the series, prize money will be awarded in each event to 3rd place or 5th place, depending on the number of entries in each event. The amount of prize money is determined by the committee.

-If you nominate or have been nominated for any volunteer roster timeslots prior to or throughout an event then you must attend or find a suitable replacement or your competition run may not be recorded.

YARDS/CAMPING

-Prior to an event yards may be reserved for the weekend at a cost of \$10 per yard. The member must park immediately in front of this yard or as close as possible to the yard. The yard cannot be reserved then the member park elsewhere on the grounds.

-Camping must be nominated and paid with your event nomination otherwise you will not be allowed to camp on the grounds.

-If you park in front of yards that have been booked prior to the event then you will be asked to move to accommodate the member that booked the yards.

-Yards must be cleaned before you leave the grounds. If yards are not cleaned then the member will be charged an additional fee at their next competition.

-Members who purchased panels for their yards may only use these yards when attending an event. Any other members may not put a hold on or use the nominated members yard without reserving them for \$10 for that weekend through GHRA.

-Yards are not held unless \$10 reservation fee has been paid and accepted.

-If there is a dispute with the yard allocation, then the members must contact the executive committee to settle the dispute. The member must provide proof that they have paid for their yard.

-Yards that have not been paid for and allocated by the GHRA committee are available to all members at events. You may only park in front of these yards.

HELP/WORKERS ROSTER

-If a volunteer/help roster is allocated for the event, then the person/team nominated for that help/volunteer position is required to carry out the allocated day and time.

-If the team designated helper or substitute does not present at their allocated time then the team's scores will be withheld for that event until it is discussed with the executive committee, whereas a final decision will be made.
